

SWITCH GARMENT PROJECT MANAGER/CAMBODIA COUNTRY REPRESENTATIVE (M/F)

PHNOM PENH, CAMBODIA - 12 MONTHS CONTRACT (RENEWABLE)

CONTEXT

Created in 1976, Geres is an international development NGO which works to improve living conditions and fight against climate change and its impacts. As a field player, the energy transition is a major lever for its action. For ambitious societal change, Geres encourages the development and dissemination of innovative and local solutions, it supports climate-energy regional policies and it mobilizes all the players around Climate Solidarity by encouraging them to act and support the most vulnerable.

In Southeast Asia, Geres has 25 years of experience in providing locally adapted, affordable and transferable energy solutions, with a focus on wood and biomass energy, to improve the resilience and the livelihoods of rural communities, empower local stakeholders and contribute to the sustainable management of natural resources.

Geres is currently working in Cambodia and Myanmar with ambition to pursue portfolio development in those 2 countries but also to start operational activities in other countries in the region.

Geres is currently implementing 2 main actions in Cambodia. The first one aims to develop a sustainable charcoal value chain. The other one, SWITCH Garment aims at promoting energy efficiency practices and investment in the garment industry.

The SWITCH Garment began in May 2020 and will last until May 2024. 30 factories have already been signed up to the project. The project is led by the Global Green Growth Institute (GGGI), in partnership with Geres and the Garment Manufacturers Association of Cambodia (GMAC). It is financed by the European Union, for a total budget of 2.5 M EUR, with a share of about 1M EUR for Geres. Geres has technical role in the project, being involved mainly in:

- Supporting energy audits;
- Providing technical recommendations for energy efficiency improvements;
- Training staff tasked with energy management in garment factories;
- Monitoring implemented improvements made by the factories;

In order to demonstrate the potential benefits of adopting more sustainable energy practices, through showcasing replicable examples. Geres will also be tasked to collect, analyze and disseminate lessons learned of the project, among garment industry stakeholders in Cambodia and abroad.

MISSION

Under the supervision and authority of Geres Executive Director, the SWITCH Garment project manager/ will be in charge of defining relevant project objectives and ensuring their achievement, through proper project cycle management, efficient financial management, development of sound partnerships and identification of new project outlooks.

Furthermore, the project manager will also act as country representative of Geres in Cambodia. In this capacity, he/she will work under the supervision and authority of the Executive Director . His/her mission will be to streamline the regional strategy and supervise its implementation at the country level, in collaboration with the Cambodia-based teams and interacting with the regional management.

He/she works in strict coordination with Financial Controller based in the HQ
He/she manages and supervises the local country team.

ACTIVITIES

As SWITCH Garment Project Manager

1. Project Cycle Management:

- Plan, coordinate and monitor activities related to the project team and partners
- Coordinate the monitoring and evaluation process, in particular by developing methodologies and project monitoring & evaluation tools to measure the results and impacts of the project
- Tackle implementation constraints and putting in place the necessary corrective measures in consultation with stakeholders (including partners and beneficiaries)
- Organize and supervise the use of external service providers, internal support missions and other suppliers
